

Notes for the Beginners

Amalgam, Patient informations in different languages

An individual personal consultation for chronic Poisoning is to be paid in advance (now 50 Euro).

An exact written advice for a treatment of a case of poisoning starts with the instructions for :

- A new panoramic X-ray of a jaw (perhaps on CD)
- MRI of the head (without the contrast) with a referral from a Dentist
- CAT scan in three dimensions with a Dentist's referral
- Autoimmune test of the brain with a Dentist referral
- Corpses, puss in the morning saliva from TOX- lab (Phone: +49-421-20720) with a Dentist's referral

Then there must be a prove for the established information :

Allergic Test for 7 days (include postal costs for the test's materials from Giftnotruf 50 Euro)
